

REMARKS

Claim Rejections

Claims 10-12 and 14 are rejected under 35 U.S.C. §102(e) as being anticipated by Lin (2004/0201952). Claim 13 is rejected under 35 U.S.C. §103(a) as being unpatentable over Lin as applied to claims 10-12 and 14, and further in view of Fang et al. (2005/0168925). Claims 1 and 6-9 would be allowable if rewritten or amended to overcome the claim 1 objection under minor informality, as set forth in the outstanding Office Action.

Drawings

It is noted that the Examiner has accepted the drawings as originally filed for this application.

Claim Amendments

By this amendment, Applicant has canceled claims 10-14 and amended claim 1 of this application. It is believed that the amended claims specifically set forth each element of Applicant's invention in full compliance with 35 U.S.C. §112.

Since claims 1 and 6-9 have been indicated as allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. §112, no detailed discussion of the cited prior references is believed to be necessary.

Application No. 10/809,405

Summary

In view of the foregoing amendments and remarks, Applicant submits that this application is now in condition for allowance and such action is respectfully requested. Should any points remain in issue, which the Examiner feels could best be resolved by either a personal or a telephone interview, it is urged that Applicant's local attorney be contacted at the exchange listed below.

Respectfully submitted,

Date: July 21, 2006
